

SETTING THE STANDARD FOR HEALTHCARE EDUCATION

Organizations both large and small depend on Vivid Learning Systems to satisfy their training needs. Vivid provides the entire training package, combining a best-in-class enterprise-wide Learning Management System with off-the-shelf and custom content, all backed by a knowledgeable and dedicated professional services team.

IMPROVING WORKFORCE PERFORMANCE.

Now, more than ever, safety training, risk management, and regulatory compliance take center stage in managing a successful healthcare organization. It's time consuming, costly, and takes away from your #1 priority – patient care.

IMPROVING PATIENT CARE.

Vivid Learning Systems has emerged as the partner of choice for today's leading healthcare organizations. Whether it's providing mandatory HIPAA, Joint Commission, or OSHA training, or delivering specialized continuing education, we're helping clients achieve their mission-critical requirements – improving patient care.

IMPROVING PROFITABILITY.

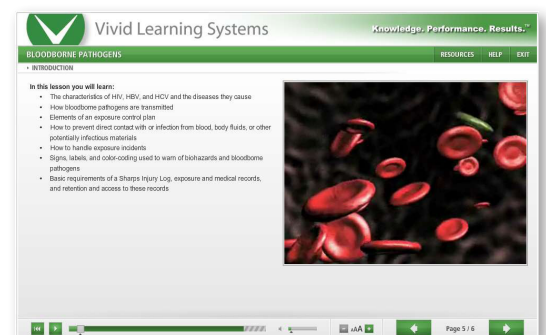

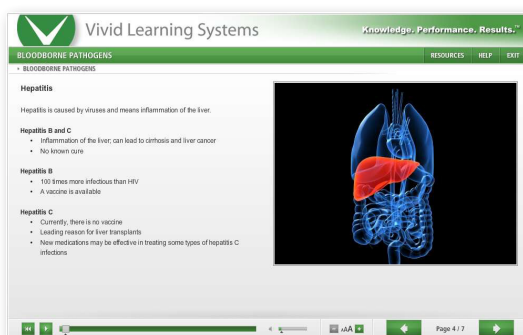

Today's healthcare training professionals who are utilizing eLearning as a portion of their training mix are gaining productivity, improving their safety performance and getting more training for their dollar.

COURSE LIBRARIES

- Bereavement Training
- HIPAA
- Joint Commission
- OSHA
- Employment Law
- Age-Specific Competencies

"Vivid Learning Systems was the clear choice to educate our employees about the federal HIPAA regulations. We have found the breadth of healthcare specific training available from Vivid to be invaluable in our orientation and continuing education programs."

- Gritman Memorial Hospital
